Meeting # 3740

GARFIELD-PERRY STAMP CLUB

Minutes of the Regular Meeting

June 29, 1984

The regular meeting of the Garfield-Perry Stamp Club was called to order in due and ancient form, as our bylaws direct. This was done by our very diplomatic President, The Honorable Thomas F. Allen.

The Secretary for some unknown reason was not present or accounted for. There are rumors that this hyperanalytical, erudite man of words was on a hurry-up return visit to Wales to take further slides of castles as it has been ascertained that some one so far unknown had seven more slides than our Joe. This go-like-hell trip was to focus on cloaca or cloaci or cloacas as the case may be. These are are of the indoor type and not the outhouse type as used by the more flush (if I may say so) Welsh. It is certain that when this mission is completed we will hear and see chapter 5 of the Castles of Wales by this pundit or pandit.

As there was no Joe there were no minutes.

Coming entertainment was described at length by Charles I. Ball. The NAPEX show at Washington was described by Tom Allen and Dale Pulver. Good Show.

The Classics Society will hold an important meeting at our 1985 March Party.

Our speaker of the evening, Grant Ricksecker, was introduced by Charles I ball. The subject: Philately of Dominica. This was a slide talk made up of Grant's collection of this little known country. A quite interesting presentation.
