New Business: Mr. Smith moved, and Mr. Ball seconded, that Richard Morell of Houston, age 76, a former junior member, get his money back on his order for 3 show cachets. Some discussion followed, apparently reflecting doubts on such loss of funds, but the motion apparently passed.

Mr. Pulver had a rare pre-fabrication paper fold on his Holiday Inn doily. There was, thank God, no old business.

Philatelic News: The Plain Dealer reports that there are 5 million stamp collectors in China, up 66% since 1983.

Cover of the Week: Mr. Underwood showed a folder from the Traveling Peoples' Republic of China Philatelic Exhibition of 1980 - which he saw in San Francisco, Chicago, and New York.

President Bianchi called the meeting to order at exactly 8:00 with 19 members attending.

Minutes of the previous meeting were accepted as read.

March Party Items: Lake Log Chips is still talking us up. The Bureau of Printing and Engraving will do a souvenir card. UN is re-re-reconfirmed. Substantial piece due in STAMPS to publicize show. Laundry is back. The American Revenue Association will join us next year.

There was no old nor new business.

Special Business: Mr. Goertz admitted to having bid blind on an auction lot; got a big carton, so far catlogging \$3400, plus \$25 cash, and still counting -- apparently quite a bargain.

Philatelic News: From the USPS - Ameripex postal card, Sojourner Truth, Arkansas, and Jack London commemoratives. EUPEX February 1 and 2.

Covers of the Week: Mr. Ball had a nice 1912 Cleveland post card. Mr. Parker, another traced cartoon and a rare Milton town cancel.

---- at this point we ran out of chairs ----
News of Members: Mildred Underwood is home.

Entertainment: Mr. Stager having gone all the way to Toronto to get it, the least we could do was enjoy the slide show of Bill McCann's Newfoundland booklets. All in all it was a fun show.

Entertainment: Mr. Ball had the fine distinction of introducing the speaker who was dressed up sot the occasion in his go-to-the-bank-and-apply-for-a-loan-outfit without further ado to tell us what he was going to tell us from the front of the room. Anyhow Mr. Smith gave us a lively introduction to the lure of casino gambling, breifly describing the games available, with their house percents. It was one of those rare presentations with all present staying awake and paying attention. ^{BUT ONE}

- An out of tune chorus made premature reference to an impending secretarial birthday --

Entertainment: From the Germany Philatelic Society, by way of Mr. Kemper, Mr. Ball produced the world premier of a slide show dealing with "Catapult Mail". There were apparently 202 such flights, a variety of aircraft launched from the deck of ships, carrying mail -- although they seemed to count those whereing a plane from shore dropped a sack of mail for the ship to retrieve. Anyhow the slides were clear and the subjects fairly interesting. Mr. Ball managed to make it all most entertaining.

GARFIELD-PERRY STAMP CLUB

Holiday inn -- Lakeside

Minutes of the regular meeting -- February 28, 1986

Meeting # 3821

In the absense of President Bianchi, the meeting was opened in due form by Vice-President Phil Stager at 8:00 PM sharp.

As our secretary was on a field trip, perhaps Wales, and as he kept the previous week's minutes with him for security reasons there was no tolling of the bells or rather no reading of the minutes much to the disappointment of the assemblage.

News of members produced nothing startling but the March Party was introduced and we were informed that setup arrangements were well in hand and Esrati's editorializing in a news article produced negative applause.

Justin Underwood came up with Post Office news of a Boys Town stamp and other goodies. Charles I. Ball found some Swedish first day covers which he auctioned off with some ballyhoo and extraneous information.

There were comments about the Toledo exhibition , none noteworthy, and covers of the week were covered. Jim Maresch told about an idea about a lottery which the Board may see fit to investigate.

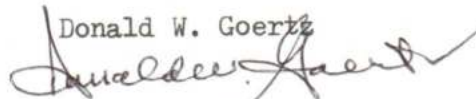

There was a flowery introduction of our speaker, Jim Maresch, by Charley Ball .

As usual Jim's presentation was unusual, informative and kept the attention of the audience and inducing everyone present to participate in the discussion.

Items touched upon were: Current bidding information; The fact that a collector's market now exists rather than a speculator's market; Items such as the zepps are still low and perhaps will never reach the inflated pricing that existed for a while; Prices on superb and scarce material withstood the generally soft market of the last few years; Medium range superb scarce items are showing the best comeback in bidding; The market for good stamps, covers of postal history significance is firming up.

Meeting adjourned at 9:45 PM.

Our entertainment coChairman reminded us that we plan to have a show in a couple of weeks and that there will be no meeting on Good Friday.

Philatelic News: Flyers from Japan on several new issues. Four from the Isle of Mann. Mr. Esrati was decreed a sonofabitch for saying that we excluded women because they are "not serious collectors". Canada has only two items this week. Only \$2.75 each for Fleetwood covers of the 50 presidents.

The group of about 25 members and guests assembled at the restaurant of the Landerhaven Country Club. There was no way it could have been called to order. The meal was pretty good and comparatively inexpensive, so we were a bit late getting to the next part of the program.

At about 9:00 the gang re-assembled, a bit diminished in number, at the library of Ursuline College, where they have a fairly large room devoted to the college's stamp collection. We were allowed to browse freely among the holdings -- mostly general with some strength in Vatican, etc. There were even duplicates for sale at negotiable bargain prices.
