GARFIELD-PERRY STAMP CLUB  
Cleveland, OH

Minutes of the ~~3300~~ Meeting of the Garfield-Perry Stamp Club.

SEPT. 26, 1986

Vice-president Stager called the meeting to order at 8:12 with only 6 members present; a seventh arrived before we had finished not reading the minutes of the previous meeting since the regular secretary was among those absent.

Under Old Business the proposed change to the rules and regulations of the Club was read.

There was, under New Business, a suggestion from D. Pulver that G-P participate in the National Stamp Collecting Month affair being arranged for the Severance Shopping Mall by the Cleveland Postoffice. It will involve manning a table promoting the Club and stamp collecting as a hobby on October 10th and 11th. The Postoffice is setting up their stamp boutique in the public area of Severance Center which will be open during normal P.O. business hours (10 am - ~~4:30~~<sup>5:30</sup>pm) on the two days noted. Carolyn Campbell, the Postal Service coordinator is hoping to have several of the area stamp clubs support this program. Pulver volunteered to try to get some inexpensive promotional materials from LINN's. Volunteers to man the table are needed.

Under March Party news it was noted that letters had been sent to 4 regular and 2 apprentice judges inviting them to serve. Two regular judges had confirmed their willingness to do so.

For News of Members it was reported that Milt Cornman, who underwent gall bladder surgery Sept. 10th was finally coming around after some post operative complications. Card sent to him c/o of his daughter would be welcome.

Coming entertainment was reviewed and Justing Underwood gave several philatelic news items on stamps from Canada.

Reg Morris, Charlie Ball and Justin Underwood passed around several most interesting "Covers of the Week". Charlie's was a French cover with markings he, CIB, could not explain (!); but Reg Morris was able to put him straight.

The program for the evening, a 36 minute videotape on The Denver Eagles, a revolutionary issue of Mexican stamps printed in the United States, was probably one of the finest programs we have had at Garfield-Perry in many years. It was put together by Ron Mitchell, of Denver, CO and told the story, together with contemporary film clips, of how the stamps came to be ordered and produced by the Smith-Brooks Printing Co., Denver, CO in August, 1914. It was a very professional job and the tape has won high awards (vermeils and one gold) in recent literature competitions. It was indeed unfortunate more members were not present to enjoy this outstanding program.

The meeting ended about 9:30.
