GARFIELD-PERRY STAMP CLUB
Cleveland, OH

Minutes of the 4182nd regular meeting
March 11, 1994

Members convened in room 1825 surprisingly close to the appointed hour. President Townsend called the meeting to order with the notice that although the regular secretary was absent, a proper signup sheet for this meeting had been left by Egar and all was needed was someone to record brief minutes. After a certain amount of good-natured wrangling the undersigned agreed to record if only to keep the meeting moving.

No minutes were available from the previous meeting but it is expected they will be read when Joe returns.

President Townsend noted that Michael Laurence refused to comment on a Wall Street Journal squib he had sent Mike on how Czech postal clerks failed to notice that some stamps passing through the mail pictured nude men. Laurence wrote that he would miss the March Party this year because he promised his wife a trip to New York to celebrate their 25th wedding anniversary.

Underwood announced new Canadian stamps.

Vince Lucas, having just returned from a vacation trip to Mexico, reported that complete sets of the new definitive stamps (tourist sites) could not be found. He did pass around a sheet of the Michoacan stamp, which features a picture of the Monarch butterfly. He commented that millions of them are now wintering in the pine forests there but that peasants continue to cut wood (illegally) which diminishes their natural habitat.

Under "stamps and covers of the week", Bob Toth showed a scarce usage of the 2 c. brown Garfield stamp of 1887. His cover was much travelled, touching at more than a half dozen cities in search of its addressee, a roving naval officer, and even bore Brazilian stamps applied by a forwarder. Eventually it found its way to the U.S. Navy Department in Washington.

Coming entertainment was reviewed; a letter from a resident stamp collector of the correctional institution at London, OH was read. A stamp club there is seeking help from an organized club to improve their approach to the hobby. The undersigned agreed to consider a suitable answer on behalf of G-P.

The balance of the meeting was spent discussing details of the March Party. All seems to be well in hand. Tom Allen noted that specialists group meetings and seminars would occupy nearly all the time the show is open on Saturday and Sunday, leaving only Friday for serious shopping.

Meeting adjourned at 9:20 PM.

Respectfully,

GARFIELD-PERRY STAMP CLUB

There was no old nor new business.

March Party Items: Mr. Allen sent out the call for all bills, A.S.A.P.
